MISCELLANEOUS ITEMS.

A German pamphlet, giving the results of protection in Germany, has been issued in blue book form by the English Government. It consists of reports from the various Chambers of Commerce throughout the Empire, showing an extraordinary unanimity of opinion as to the serious stagnation of nearly all branches of trade and manufacture.

Another great engineering project is contemplated—the closing of the northern outlet of the valley of the Mackenzie River at the line of 68 degrees north, and storing up the water of 1,250,000 miles square; to this could be added the water of other large areas, and thus a lake would be formed of about 3,000 miles in length and some 300 average width.

Smallpox is very prevalent among the colored population of Virginia and the Carolinas.

A member of the Ohio Legislature endeavored to have his wife appointed a deputy clerk to that body.

Potatoes cut in tiny cubes and sprinkled with arsenic are breaking up a plague of field mice in France, where the evil has been most serious to crops.

Cremation Gaining Favor.

In Europe the clergy do not oppose cremation as strongly as formerly. The Protestant clergy in Gotha and in Munich, the Archbishop of Paris and the Bishop of Manchester have declared in favor of it. The Roman Catholic priesthood in Italy does not oppose it. The Copenhagen Cremation Society, which counts 2,000 members, recently applied to the Government for permission to erect and operate a crematory in one of the suburban cemeteries; the application was strongly approved by the Board of Health. Bodies recently exhumed in Danish burial grounds were found after 30 years to be yet in the first stage of decay.

It is Better to Marry, Etc.

"John K. Meier and bride." That was the registry at an Omaha hotel, and the word "bride" was boldly underscored. The man who wrote it was apparently under 20, and the girl no more than 16. The landlord formed the opinion that they were a runaway couple, who hoped to avert suspicion by boldness. He informed the police, by whom the husband (and husband he really proved to be) was arrested and shut up for the night away from his wife.

MORRIS, Ill., July 14, 1881.
H. H. WARNER & Co., Rochester, N. Y.
GENTLEMEN: Your remedy, the Safe Kidney and Liver Cure, has been used by both my wife and myself. She used it on general principles, as a system and liver regulator; I took the medicine for a long-standing liver trouble, which has been the source of much inconvenience, and which failed to yield to the doctor's remedies, or any other, until I used your Safe Kidney and Liver Cure. We both unite in pronouncing it to be the best medicine ever used, and in recommending it to others as a safe remedy.

S. M. Whipple, Jr.
Mayor of Moline.

Chicago, May 30, 1881.

H. H. WARNER & Co., Rochester, N. Y.
MY DEAR SIR: For several years I have been a sufferer, and until your Safe Kidney and Liver Cure was suggested I have not known what it is to be free from pain. My family physician attributed all my suffering to a diseased condition of my kidneys, and after he had failed to give me relief, I tried your remedy, and in a few days I was free from all trouble. I am now well and strong.

C. Harris.
"Carl Pfeiffer"

Thousands of equally strong endorsements—many of them in cases where hope was abandoned—have been voluntarily given, showing the remarkable power of Warner's Safe Kidney and Liver Cure, in all diseases of the kidneys, liver or urinary organs. If an one who reads this has any physical trouble, remember the great danger of delay.

COMPARING THE FIGURES.

In order to understand the operations of the salary law it must be remembered that in former years the officers drew large sums out of the County Treasury for work which is now paid for by their salaries. In civil suits they collected fees from the litigants, but in criminal suits they were paid by the county and State. For drawing juries, summoning witnesses, making orders of courts, and dozens of other services, they were paid the coin by the county. Under the Salary Law all this work, as well as all the work they do for litigants, is paid for by their regular salaries, and the ground taken by the enemies of the new system, that because the fees collected do not pay the salaries, therefore the law causes loss to the Treasury, is misleading. Take, for instance, the office of Sheriff. In 1880 the county paid him \$3,427 60 for their work, and his other fees were \$2,849 59, all of which went to compensate him and pay his deputies. In 1881 he was paid \$4,564, as salary for himself and deputies, of which \$2,268 15 was returned into the Treasury by him in the shape of fees collected. Now add to that what the county would have been called on to pay as fees, etc., putting it at \$3,427 60, the same as 1880, and we have \$5,995 75, showing a saving in that office of \$1,131 75. In the same manner the Clerk in 1880 collected \$5,087 46 from outsiders, and \$3,733 70 from the county; making the salary in that office amount to \$7,821 16. In 1881 the item of salaries amounts to \$3,000. To offset this the Clerk returns in fees \$3,903 25, and the county saves \$2,733 70, that would have been paid him under the old system, thus saving \$5,036 91. The Recorder drew from the county \$2,035 65, and from the public \$1,360 in 1880, so that his salary amounted to \$3,395 65 in that year, against \$3,400 in 1881. Meantime he turned into the Treasury in 1881, \$2,482 30, which added to what he would have been paid by the county, and deducting the salary paid, leaves a profit of \$2,118 15. For 1880 the Treasurer drew \$1,200, and a percentage on State taxes. In 1881 he drew \$2,035 as compensation, and he turned the percentage on State taxes into the Treasury. It amounted to \$1,409 17, which deducted from the \$2,035 leaves \$633 83 as the actual sum his office cost the county, a profit of \$567 17. In 1880 the Assessor drew from the county \$3,035 82. In 1881 his salaries were \$2,950; deducting \$730 paid into the Treasury leaves \$2,220 which came out of the county, a gain of \$815 82. The District Attorney got \$1,000 for salary and \$739 for convictions in 1880. In 1881 he got a salary of \$1,800 and paid into the Treasury fees of \$30, making him cost \$1,770, a loss of \$31 over the old system, but figuring six dollars fares and \$140 for assistants in 1880, makes a gain of \$115. Mileage is knocked off in 1881, saving \$195. This makes a total saving in coin of \$7,979 81, and so far as figures can be set, it settles the question in favor of a salary law, and against a return to the fee system. It may be that the present law is imperfect, but it can be amended, and we believe it is sound in theory. It was carefully drawn up and studied by our soundest men before it was introduced. If any officer is not being paid enough, raise his salary. The GAZETTE believes in fair salaries for faithful officers, and the penitentiary for unfaithful ones. In one way the salary law works a hardship against the poor man in favor of the rich. In former times if a man wanted to bring a suit and had no money he could arrange for his fees with the clerk by giving his note, or his word, or a friend, for security. Now he must pay in advance. No officer is allowed to begin a suit until his fees are paid.

The moment the fire alarm sounded last Saturday night every one thought of that terrible stairway, and a panic was imminent. If it had not been stayed there would have been a dreadful scene. There was a large crowd in the gallery and the auditorium was full. There would have been dreadful loss of life if that crowd had got started.

EASTERN.

Guileau-Scoville's Argument.
WASHINGTON, January 16.
As soon as Court formally opened this morning Scoville commenced his address to the jury by confessing his unfamiliarity with the modes of practice in criminal cases. All the defense asked for was a fair, candid, impartial weighing of the evidence, by fair and candid men. Counsel would attempt no oratory, because he was unequal to it, and because he would not do it if he could. He would address himself to the reason, judgment and intellect of the jury, oratory, eloquence and appeal to passion he would leave to counsel who would follow him, Judge Porter, and he desired to expound the law or explain the evidence he would invariably seek to influence them through their emotions, to touch their hearts and away their sympathies rather than to convince their judgment. I do not care to complain, although I do not think that as counsel in the conduct of this case I have been treated with fairness; personally, I care nothing for it, but when it injures the cause in which my efforts are enlisted, I must complain. I hold in my hand an indictment for conspiracy which I have framed in my own mind, and the object of this conspiracy was to hang the prisoner.
Scoville proceeded to name the conspirators: The District Attorney, Judge Porter, Mr. Davidge, and a number of the Government experts, namely: Doctors Gray, Hamilton, Kempster, McDonald and Wooster. The counts of this indictment, twelve in number, are: First—That he has perverted the law in this case. Scoville in illustration or support of this count alluded to the introduction by Judge Porter of a decision of Judge Davis. He said counsel upon the other side indignantly repudiated the suggestion that Judge Davis sat with Cardozo or Barnard, but I have yet to learn if either of them ever committed a more reprehensible act than that of Judge Davis. Scoville warmed up with the subject and denounced in severe language the extra judicial act of Judge Davis. Had a newspaper been guilty of such a bold-faced attempt to influence the decision in the pending case the editor would have been subject to arrest for contempt.
Judge Porter—Don't let us turn this court-room into a town meeting.
Scoville resumed but was soon interrupted by Davidge, who, with some impudence, said: Oh! no, no, Scoville, that's not so.
Scoville—You may interrupt as much as you please, I shall not be deterred from saying what I believe to be the truth.
Davidge—I'll not interrupt again, say what you may.
Guileau—That's right, Davidge, you keep quiet; you talked for two days, and didn't say anything either. Now give someone else a show.
Scoville continued—When Judge Porter comes before this jury and undertakes to pervert evidence I shall not keep quiet, as I did with Davidge, but I shall stop him.
Guileau—So shall I.
Scoville—I shall stop him and I shall correct him if I find he is misstating the evidence.
Guileau—Never mind, I'll attend to him.
Judge Porter—There will be two Guileaus, then, to attend to me.
The prosecution state that if the prisoner knew the act was wrong on July 2d, then he should hang. Now this is not by any means the whole of it, or a correct statement of law. The Court has added in substance as follows: "Yet if in this act he was overpowered by the consciousness coming through his diseased mind that what he was doing was necessary for the good of the country, and was specially approved by God, then you cannot convict him of murder." The second count in the indictment is perversion of testimony. He proceeded to sustain this count by reading from Davidge's speech and comparing it with the testimony.
Guileau—He is paid for that. He don't believe it.
Scoville contended that facts were perverted, and particularly the evidence as to the immorality of the prisoner. The only allegation, that of adultery—
Guileau shouted: "How many innocent people are there who are in this court-room?" and he added "Not one." A moment later he called out: "I don't care to libel Christian people, but I want the record straight. I say high-toned Christian men and women are virtuous, but the mass of mankind are not. Let that go on record." As Scoville paused a moment Guileau raised a laugh by calling out: "Pretty good place to sleep."
Scoville—It is most half-past 13, let's have recess.
Recess.
Porter stated that he would be unable, owing to the condition of his health, to remain, but he desired Scoville not to abstain for that reason from saying anything he desired to say.

A Sad Case.

BERMINGTON, Vt., January 16.
The bodies of Park Valentine and wife, two victims of the railroad disaster, arrived this morning. The pa-

rents of the bride and groom, who were both young, are nearly distracted, and receive the sympathy of the entire community. The sad fate of the young couple is the general theme of conversation here. The clergyman who officiated at the wedding Thursday evening last at North Adams will conduct the funeral service to-day.

POSSIBLE, BUT A LITTLE GAUZY.

Daggett Goes to the Man-Eaters.
Variation to Occupy the Bench in the United States District Court—Geo. I. Lammon Succeeds Ash-Crawford to be Mint Director—Farrell "Takes the Carson Pastry."

WASHINGTON, January 16.
It is learned from inside sources that ex-Congressman R. M. Daggett, of Nevada, is strongly urged for the appointment of U. S. Minister to the Sandwich Islands, and that Comly's recall and Daggett's nomination may be expected at any day.
Judge Hillyar, having become incapacitated from performing the duties of the Judicial District in Nevada by an attack of softening of the brain, a movement is on foot to provide for his retirement on full pay, by means of a bill which will also cover the case of Justice Hunt, of the U. S. Supreme Court, who, under the law applicable to Federal Judges, will not be entitled to retirement for nearly 3 years. District Attorney C. S. Varian is prominently mentioned for advancement in the event of the latter's retirement.
It is reported that George I. Lammon, formerly U. S. Marshall for Nevada, will shortly be restored to his old position, vice his brother-in-law, Ash, whose removal is said to be quite certain.
There are rumors that the tenure of office of the present Director of the Mint, ex-Congressman Burchard, may be terminated this Winter, and the vacancy thus caused may be filled by the promotion of James Crawford, now Superintendent of the Carson Mint. State Senator M. J. Farrell would then, it is stated, be appointed to succeed Crawford as Superintendent.

Postmaster Atkinson, of Virginia City, through the influence of Senator Jones, will undoubtedly be re-appointed, and there are indications that all the other prominent Nevada postmasters will at least for the present, remain undisturbed.

Fatal Shooting at Eureka—Dick Guileau Killed.
EUREKA, Nev., January 16.
A shooting scrape occurred here this morning in Graham & Co.'s saloon between Dick Guileau and George Hill, the former being shot through the right breast, the ball striking the spine. He died at half past 12. Hill received one shot in the leg. Hill fired six shots. Guileau fired but one, the remaining five chambers of his pistol would not go off.

A Lover Assassinated His Best Girl.
SAN FRANCISCO, January 16.
Saturday night Fleta, the 17-year-old daughter of L. O. Gillespie, living near Lodi, San Joaquin county was shot in the neck by Thomas Lyden. The wound is probably fatal. The assassin fired through a window. The body of Lyden was found the next morning in a hay stack, he having committed suicide. He had been employed on the farm by Gillespie, but was discharged on account of pressing his attentions upon Miss Gillespie.

THE SALARY LAW.

FIGURES SHOWING THE EFFECT OF THE ACT IN WASHOE CO.

The expenses of the County for 1881 as against those in 1880 under the fee system.

Believing it to be the desire of the people to thoroughly understand the workings of the financial department of the State Government, the GAZETTE recently took the reports of the State officers and put them in every-day language for popular reading. Today, the workings of the salary law in 1881 in this county are similarly treated and compared with the fee system for 1880.

The total receipts of the Sheriff's office for the year 1880, paid by the county under the fee system, were as follows:

January	\$462 50
February	348 60
March	275 90
March—allowed deputy	89 00
April	482 30
May	270 40
June	185 00
June—allowed deputy	23 50
July	143 00
July—allowed deputy	21 50
August	413 90
August—allowed deputy	134 30
September	670 30
October	940 80
November	198 30
December	269 80

Less amt. allowed janitor.... 1,600 00

Total receipts for 1880.... \$3,427 60

The receipts from litigants and all other sources were as follows:

First quarter	\$743 60
Second quarter	656 29
Third quarter	668 83
Fourth quarter	781 87

Total receipts for 1880.... \$2,877 19

Of the above amount, \$3,427 60 was a direct charge against the county.

The total receipts of the Sheriff's office for the year 1881, under the salary law, were as follows:

Cash paid Sheriff for salary	\$3,000 00
Cash paid for salary of Sheriff's deputy	1,500 00
Cash paid the Sheriff for extra work	64 00

The total receipts of the office from litigants and all other sources paid into the Treasury by that officer were as follows:

First quarter	\$812 64
Second quarter	823 97
Third quarter	436 34
Fourth quarter	695 20

Total receipts for 1881.... \$2,768 15

Leaving the fees collected from litigants during the year 1880 out of the question entirely, and the county paid the Sheriff that year \$3,427 60, as against \$4,564 in 1881. The fees collected by the Sheriff for civil business during the year 1881 were \$2,268 15, which under the salary act goes into the treasury, subtracted from the \$4,564, the amount allowed the Sheriff and his deputy, leaves a balance of \$2,295 85 as the direct cost to the county of that department for the year 1881, as against \$3,427 60 in 1880, which leaves a balance in favor of the salary act of \$1,131 75.

CLERK'S OFFICE.

The total receipts of the Clerk's office in the year 1880, paid by the county, under the fee system, were as follows:

January	223 00
February	181 30
March	192 10
Salary as town clerk—first quarter	75 00
April	305 90
May	67 00
June	25 50
Salary as town clerk—second quarter	75 00
July	393 80
Aug.	
September	259 75
Salary as town clerk—third quarter	75 00
October	445 10
November	250 75
December	86 90
Salary as town clerk—fourth quarter	75 00

Total receipts for 1880.... \$3,783 70

The receipts from civil litigants and all other sources were as follows:

First quarter	\$1,782 90
Second quarter	1,371 86
Third quarter	1,042 00
Fourth quarter	990 70

Total receipts of the Clerk's office in 1880.... \$7,821 16

Of the above amount \$2,783 70 was a direct charge against the county.

The total of the office under the

Salary Act was as follows:

Salary of the Clerk	\$2,400 00
Salary of the Deputy	1,200 00

Total..... \$3,600 00

The receipts from litigants and all other sources, which under the law goes to the Treasury, were as follows:

First quarter	\$1,028 20
Second quarter	891 30
Third quarter	799 85
Fourth quarter	1,188 90

Total..... \$3,908 25

This office cost the county direct in 1880, \$2,783 70 against \$3,600 in 1881. The fees collected by the Clerk for civil business, and paid into the Treasury during the year, amounted to \$3,908 25. Subtract his salary of \$3,600 from this amount and it leaves a balance of \$308 25 as a profit over and above the salaries paid, which, added to \$2,783 70, the county cost for 1880, and it shows a balance in favor of the law of \$3,096 95.

COUNTY RECORDER.

The County recorder and Auditor received salary and fees during the year 1880 as follows:

January salary	\$50 00
January fees	74 00
February salary	50 00
February fees	54 50
March salary	50 00
March fees	66 75
April salary	50 00
April fees	61 45
May salary	50 00
May fees	83 90
June salary	50 00
June fees	76 60
July salary	50 00
July fees	71 00
August salary	50 00
August fees	59 25
September salary	50 00
September fees	60 50
October salary	50 00
October fees	70 70
Assessment roll	300 00
November salary	50 00
November fees	335 75
December salary	50 00
December fees	121 25

Total..... \$2,035 65

The receipts for this office from all other sources during that year were as follows:

First quarter	\$340 00
Second quarter	340 00
Third quarter	333 00
Fourth quarter	347 00

Total..... \$1,360 00

Total receipts for the year, \$3,395 65

The direct charge against the county in this instance was \$2,035 65.

The total receipts of the Recorder's office for 1881 were as follows:

Auditor's and Recorder's salary	\$2,400 00
---------------------------------	------------

The receipts of the office from all other sources, that was collected and paid into the Treasury were as follows:

First quarter	\$748 00
Second quarter	689 00
Third quarter	470 50
Fourth quarter	575 00

Total..... \$2,482 50

Which shows the cost in 1880 to have been \$2,035 65 against \$2,400 in 1881. Take \$2,035 65, the amount of fees collected from the county in 1880, from the Recorder's present salary of \$2,400 and it leaves that officer's services a direct cost to the county of \$304 35, which amount taken from the \$2,482 50, the fees he collected from services other than the county, and it shows a balance in that office of \$2,178 15 in favor of the present law.

* Estimated. Reports could not be found.—Editor GAZETTE.

COUNTY TREASURER.

The receipts of the Treasurer's office for 1880 were as follows:

Treasurer's salary	\$1,200 00
Treasurer's percentage on State moneys	677 82

Total..... \$1,877 82

The county charge is \$1,200.

The total receipts of the office for 1881 were as follows:

Salary of Treasurer	\$2,000 00
Amount allowed for extra work	33 00

Total..... \$2,033 00

In 1880 the State tax levy was 55 cts. on each \$100, while in 1881 the levy was 90 cents. Under the old fee system the Treasurer would have received 4 per cent. of the State's proportion, which, under the 90-cent levy, would have amounted to \$1,402 17. The county's commission returned from the State, of \$1,402 17 taken from the \$2,033, the percentage from the State which was paid into the treasury in '81, and it leaves \$630 13 as the expense of taking care of the county moneys in 1881, or a balance in favor of the bill of \$567 17.

ASSESSOR'S OFFICE.

The Assessor received for his services in 1880 as follows:

Amount of the State proportion on tax collection	\$1,041 76
--	------------

Amount of the county's proportion on tax collection	2,178 24
Amount of percentage on poll-tax collection on the Roll	248 40
Commissions on personal property	279 18
Commissions on poll-tax collection	320 00

Total..... \$4,067 58

County proportion, \$3,025 72.

The receipts of his office under the new law were as follows:

Assessor's salary	\$2,000 00
Amount allowed for Deputies	940 00

Total..... \$2,940 00

The receipts from other sources, namely, the State proportion, \$730.

Which shows a charge against the county of \$2,940 in 1881 against \$3,025 72 in 1880, or a saving to the county of \$85 72.

DISTRICT ATTORNEY.

The receipts of the District Attorney's office in 1880 were as follows:

Salary	\$1,000 00
Allowed for convictions	739 00
Allowed for assistance	140 00
Dist. Atty's fare to Washoe	6 00

Total..... \$1,885 00

His salary under the Salary Law is \$1,800 00.

Amount of fees collected by that officer and paid into the Treasury during the year was \$30 00, which shows a balance in favor of the new system of \$115.

COUNTY COMMISSIONERS.

The County Commissioners received in salary and mileage during 1880 \$1,995, as against \$1,800 in 1881, a direct saving of \$195. Under the new law they are allowed no mileage.

A table showing what work was done by the different officers for the county in 1881, and for which fees were paid out of the Treasury in previous years, would be interesting, but it is impossible to give, as no record of such service has been kept since the officers were put under salaries.

The following table shows the amount of fees paid by litigants and others during the years of 1880-81:

1880.	1881.
Sheriff..... \$2,849 50	\$2,268 15
Clerk..... 5,087 46	3,903 25
Recorder..... 1,360 00	2,482 50
Dist. Atty..... 739 00	30 00

Total..... \$10,035 96

The following table will show the amount paid in salaries and the amount of fees collected by the county officers during the year 1881:

1881.	1880.
Sheriff..... \$4,564 00	\$2,268 15
Clerk..... 3,600 00	3,903 25
Recorder..... 2,400 00	2,482 50
Treasurer..... 2,035 00	1,402 17
Dist. Atty..... 1,800 00	30 00
Assessor..... 2,940 00	730 00

Total..... \$17,339 00

The following table shows the salaries paid the several county officers under the new law compared with the fees paid by the county in 1881:

1881.	1880.
Sheriff..... \$4,564 00	\$2,268 15
Clerk..... 3,600 00	3,903 25
Recorder..... 2,400 00	2,482 50
Treasurer..... 2,035 00	1,402 17
Dist. Atty..... 1,800 00	30 00
Assessor..... 2,940 00	730 00

Total..... \$17,339 00

Take the \$17,339 00 the fees paid the officers by the county in 1880 from \$19,139 00, the total amount paid for salaries, and it will be seen that the county paid out \$2,836 33 more in 1881 than it did in 1880, but the county received in fees collected by the several officers from civil litigants and fees from the District Attorney's office, and mileage saved on the County Commissioners, \$10,616 07, from which take the \$2,836 33, the amount paid out for salaries in 1881 in excess of the amount paid out for fees in 1880, and it leaves a balance of \$7,779 74 in favor of the new law.

The following summary shows the savings in the different departments:

Sheriff's Office	\$7,131 75
Clerk's	3,038 95
Recorder's	2,118 15
Treasurer's	567 17
Assessor's	815 72
District Attorney	115 00
Commissioners	195 00

Total saving..... \$7,779 74

Saturday Night Fire.

At 10:30 Saturday night a house in Chinatown was discovered to be in a blaze. Two buildings were destroyed; one was a two-story building occupied as a house of ill-fame, gambling rooms and opium den. The other building was also occupied as a gambling house. Fire Trustee Hymers acted as foreman of the gang of citizens and Chinamen that ran the machine. Bob Buscel was Hymers' assistant.

A Popular Place. Chase & Thyme must be very popular or else they keep the best resort in town. Their rooms are crowded both day and night. The public know that the liquors and wines are of the best brands, and that the lunch set daily is equal to the Palace Hotel lunch in San Francisco. New England baked beans, served as only an old down East Yankee cook can dish them up, is a feature of the lunch table. Herman Thyes and Charley Chase understand keeping a first-class place, and are sure to make a friend of every one that visits them.

It is an Ill Wind, Etc.

During the present cold snap Abrahams Brothers have sold more overcoats and suits of heavy underclothing than was ever disposed of in the same number of years before. It is astonishing to see the amount of goods the firm disposes of in a month. One reason is that they never lose a customer; for if you want anything in their line and go into their store you are sure to make a purchase before leaving.

Oh! it takes so much to clothe my family; my savings soon disappear; I am making no bank account for my old age! Yes, well, my friend, you may be like Franklin, paying too much for the whistler. Let us volunteer a word. Perhaps you don't keep yourself posted, and therefore you pay two prices for what you buy. All kinds of wearing material, you should know, are very low. The cent, invested in a postal card and sent to the Red House Trade Union, of Sacramento, and your name and address thereon, will insure you to return a complete price-list of everything necessary to your wants, a description of the same, the price and true value. The house always carries a special line of extra weight goods to suit, overalls, jumpers, etc., manufactured expressly for miners, ranchers, mill men, etc.; miners' boots in hob nail and rubber; heavy calf and waterproof kip boots, manufactured expressly for use on this coast. This house makes a special business of country orders. They have a department of extra goods, extra prices, and extra service. Send for their price-list. It will be money for you. Address: [initials] RED HOUSE, Sacramento.

To the Traveling Public. People who ride on railroad trains need good watches. W. B. Miller, of Sacramento, keeps them, and invites all who visit that city to call at his store, No. 623 J street, and examine his stock. He makes a specialty of standard time keepers for conductors, engineers and other railroad men, and guarantees his goods and prices to be bargain. He has a large and fine stock of jewelry, diamonds, silver and plated ware, clocks, etc. [initials] BUI.

A Card. I will teach, free of charge, and furnish all the material, the process for making what is claimed to be genuine oil painting by C. F. Barry, the best canvas for large portraits. Children above 5 years of age taught how to do better than C. F. Barry knows how to do. Samples of his work on exhibition in my gallery. Call for formal [initials] MURRY DUNHAM.
